About Me

I am a passionate software developer living in Senegal (Africa) who love building new things.

I have a very good understanding of the web ecosystem plus I'm all the time looking for new challenges. I'm not afraid to get out of my comfort zone and learn new things.

In my free time, I write articles and checkout open source projects.

Check out my portfolio at https://samba-ndiaye.com/

Experiences

Fullstack Web Developer

SONATEL - Since July 2019 - Full-time
